Prima di fotocopiare

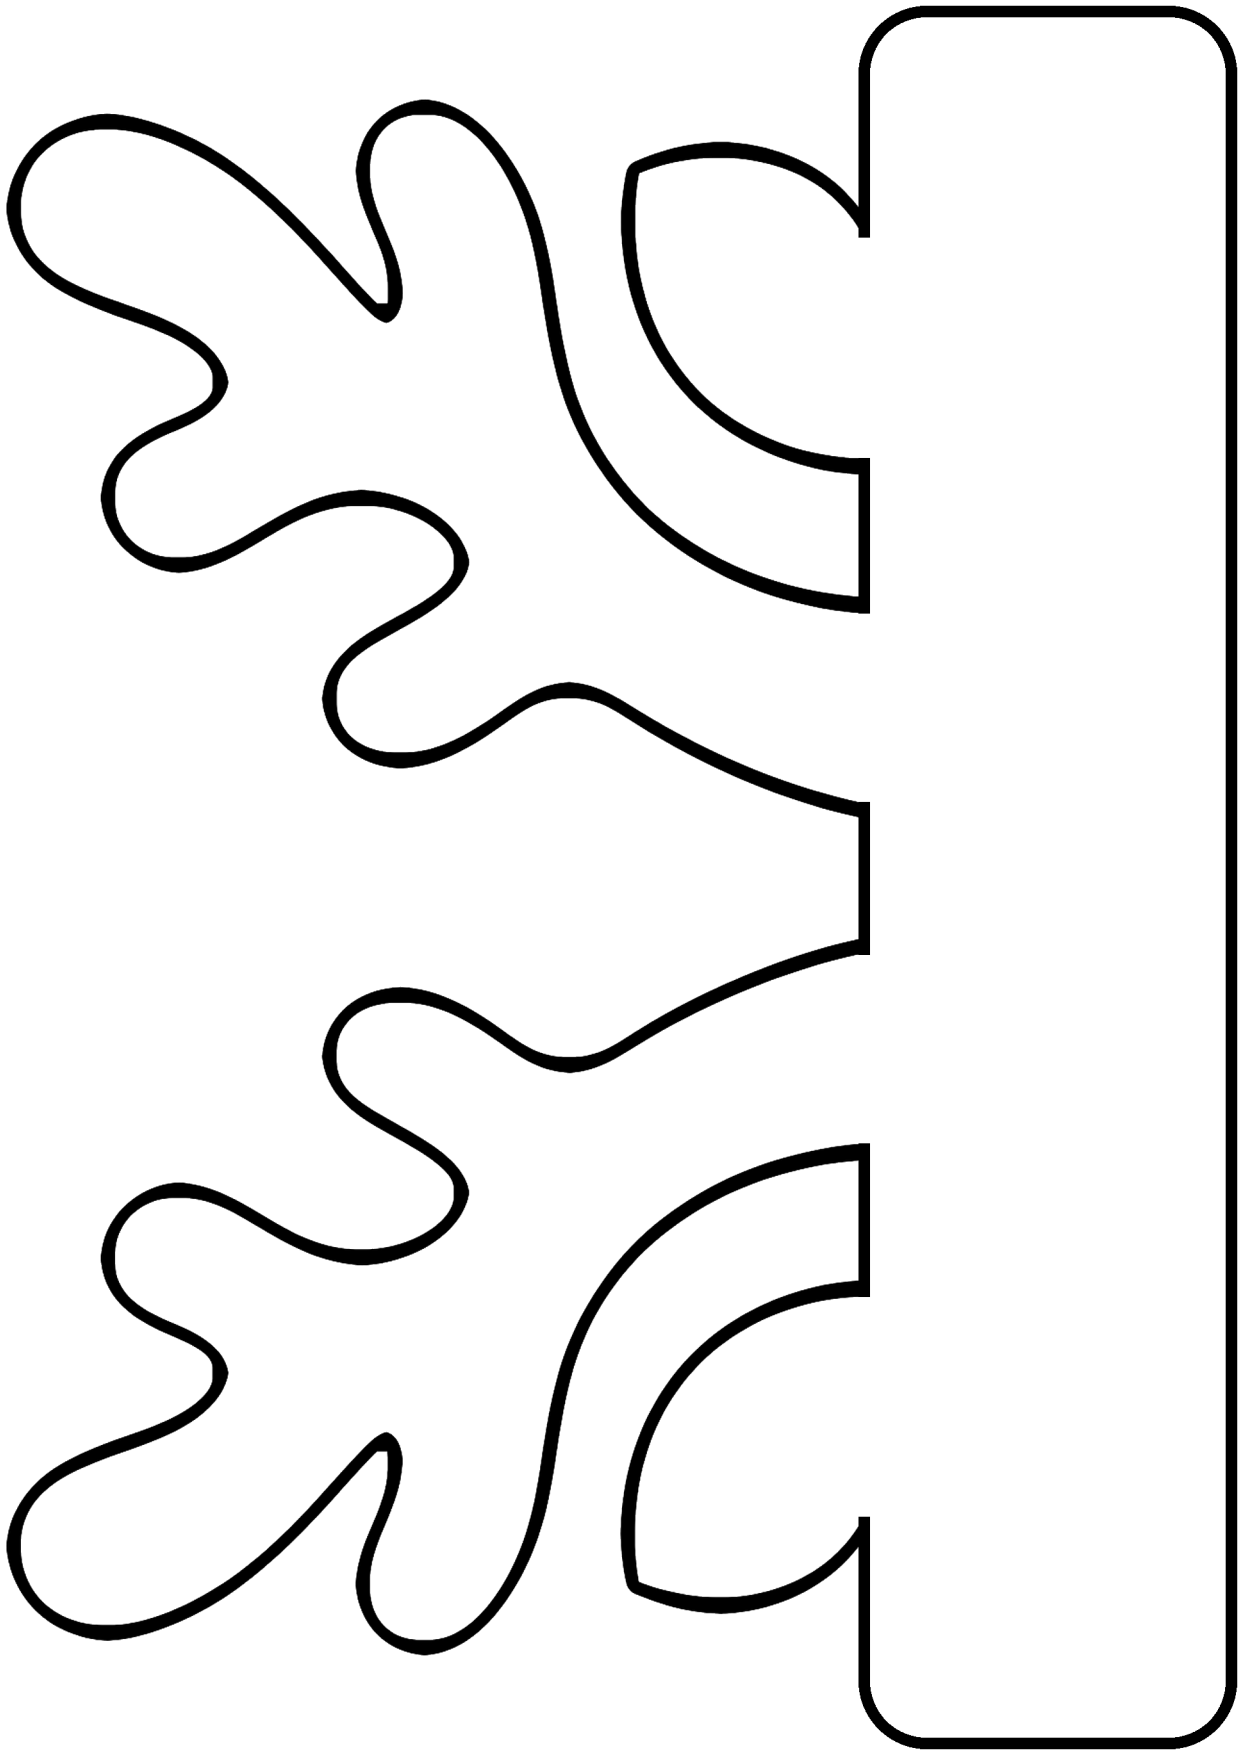

Stampa al 100%, senza adattare alla pagina: i pezzi hanno la misura vera. Si ritagliano le pagine 2, 3, 4, 6, 7, 9, 11 e 15 e la striscia di parole di pagina 8: per le carte, meglio un cartoncino leggero. La pagina 13 è il registro facilitato della quarta: fotocopiala solo per chi ne ha bisogno. Le soluzioni e i copioni (pagine 17 e 18) restano a te. Le frasi da dire in classe, con l'audio, sono sull'articolo: **kokoland.it/attivita-di-natale-in-inglese-scuola-primaria/**

Cinque frasi per tutte le attività

- **Line up, elves!**
- **Listen carefully.**
- **Work in pairs.**
- **Well done, everyone!**
- **Have a lovely Christmas!**

The Sleepy Reindeer

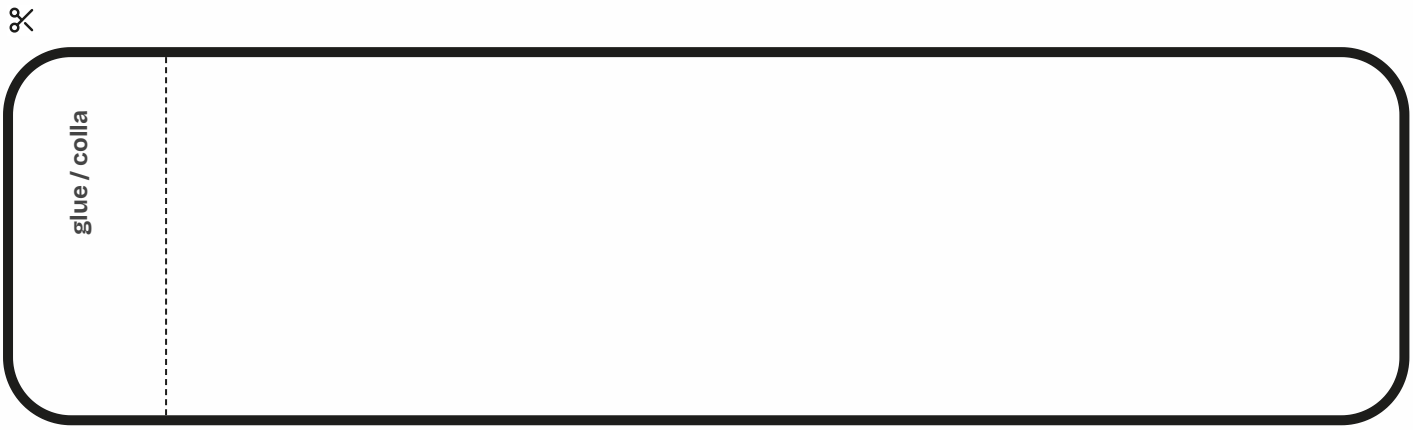

Colour, cut and wear!

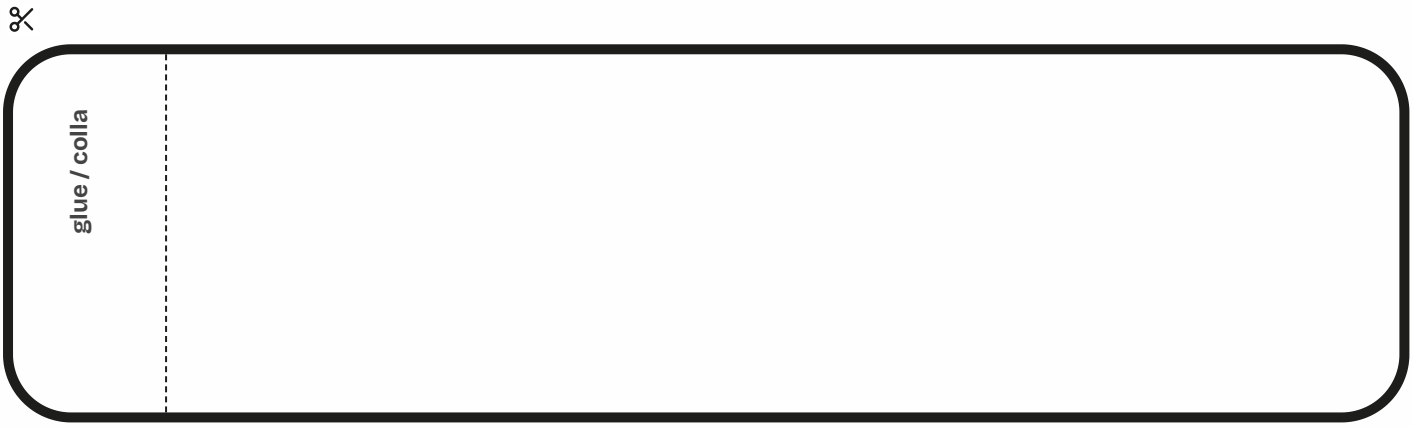

Stampa al 100%, senza adattare alla pagina. Le due strisce della fascia sono a pagina 3.

The Sleepy Reindeer

Colour, cut and wear!

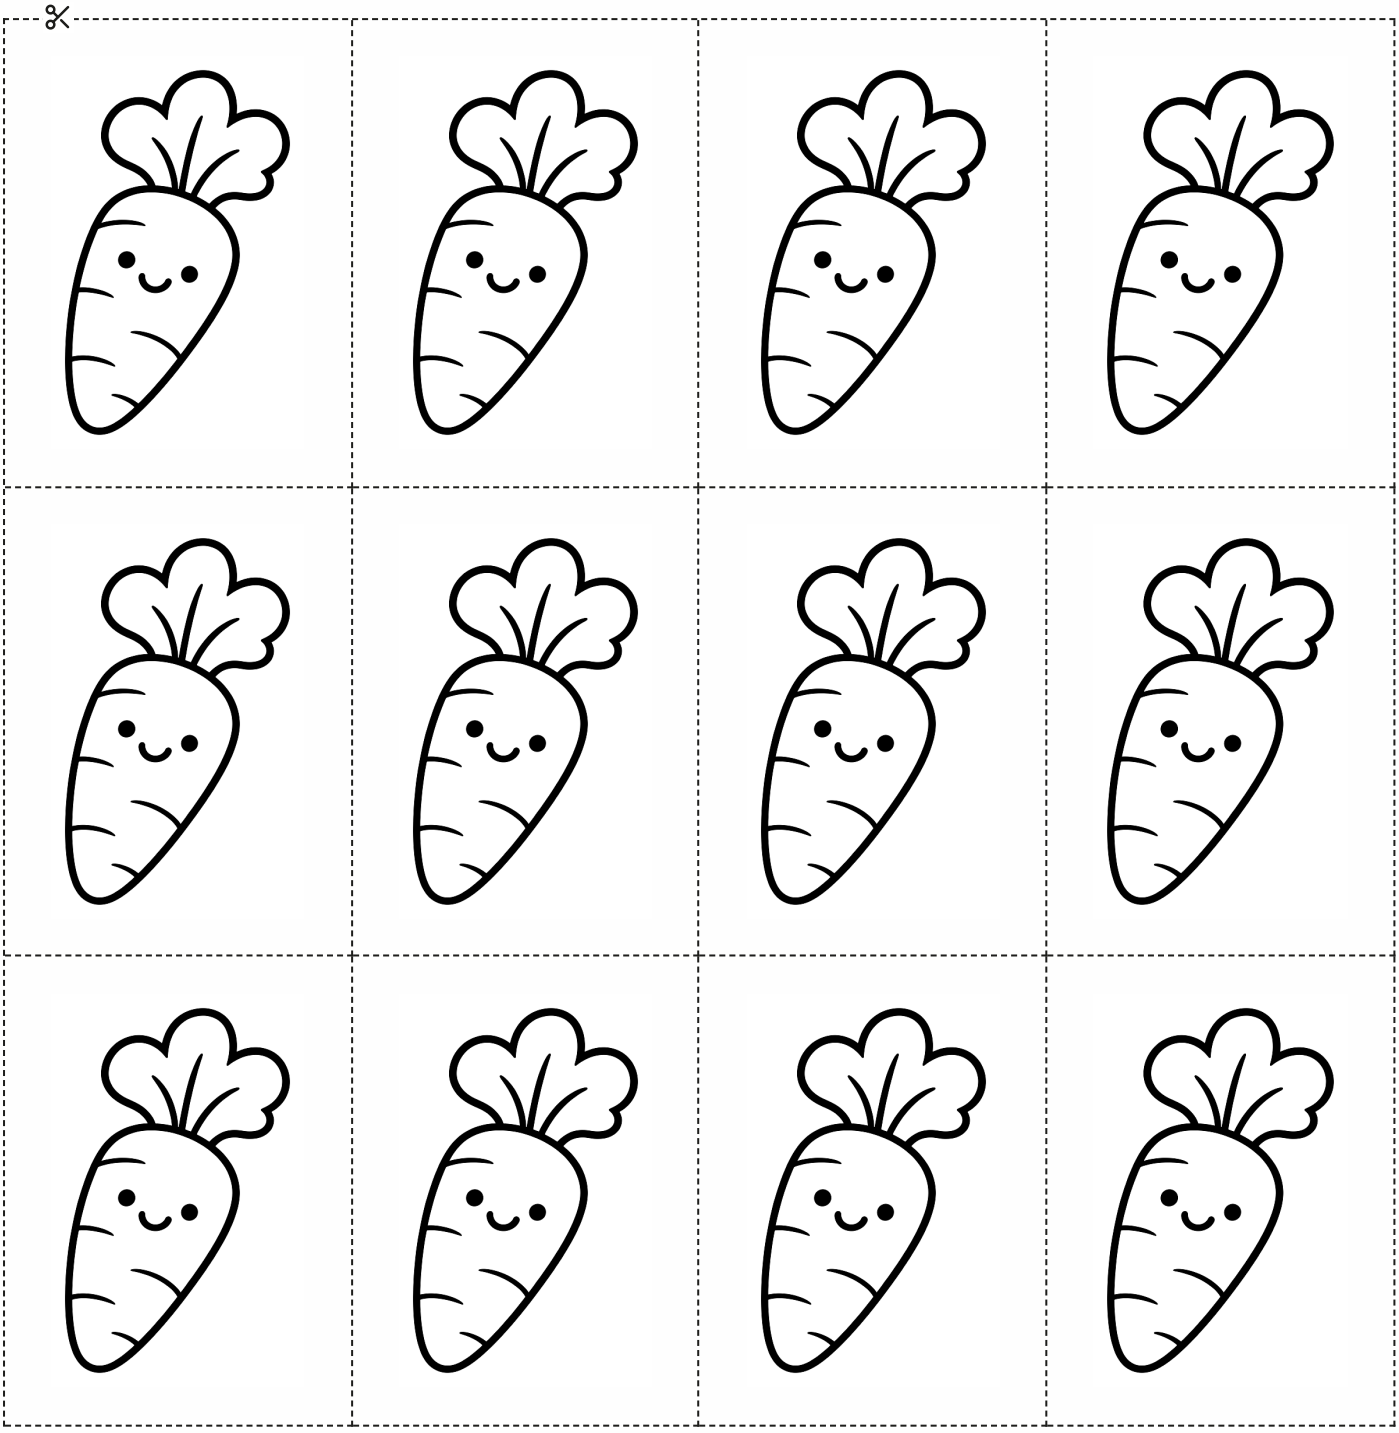

Come si monta la corona

1. Colora e ritaglia il pezzo con le corna (pagina 2) e le due strisce di questa pagina.
2. Incolla la linguetta «glue / colla» di ogni striscia dietro una delle due estremità del pezzo con le corna.
3. Chiudi le due strisce dietro la testa del bambino con una graffetta e taglia quello che avanza.

Stampa al 100%, senza adattare alla pagina: con le due strisce la fascia arriva a 56 cm, abbastanza per qualunque testa.
